

## Updated Bid Schedule

**The price listed below must be all-inclusive.** Budgetary constraints prevent the Library from accepting add-ons such as gas surcharges. Be sure to include all costs associated with labor, equipment, transportation, insurance and other costs to cover finished work in the bid price. The Total Cost listed below must include all specifications and vendor tasks listed in this Invitation to Bid.

This bid may be awarded in full or by project.

Do not include any taxes in the price, as Forsyth County Public Library is exempt by law.

This form will be attached to the contract with the successful vendor.
